# FOUNDER

Hello, my name is Sharleen Mahembe, and I am the founder of LIORA Creative Studio. Directly translating into “my light”, LIORA is my love letter to the creative side of myself that refuses to stay in the dark. I believe that my creativity is my light, and I can’t wait to share that with you!

As a multidisciplinary creative, my work blends photography, design, and storytelling: creating imagery and experiences that reflect real emotion and thoughtful composition.

With a background in creative direction and brand storytelling, I approach every project with purpose, ensuring each client’s story feels both elevated and personal. Whether it’s documenting life’s milestones, crafting visual identities, or designing bespoke travel experiences, rest assured that your story will be illuminated with intention and authenticity.

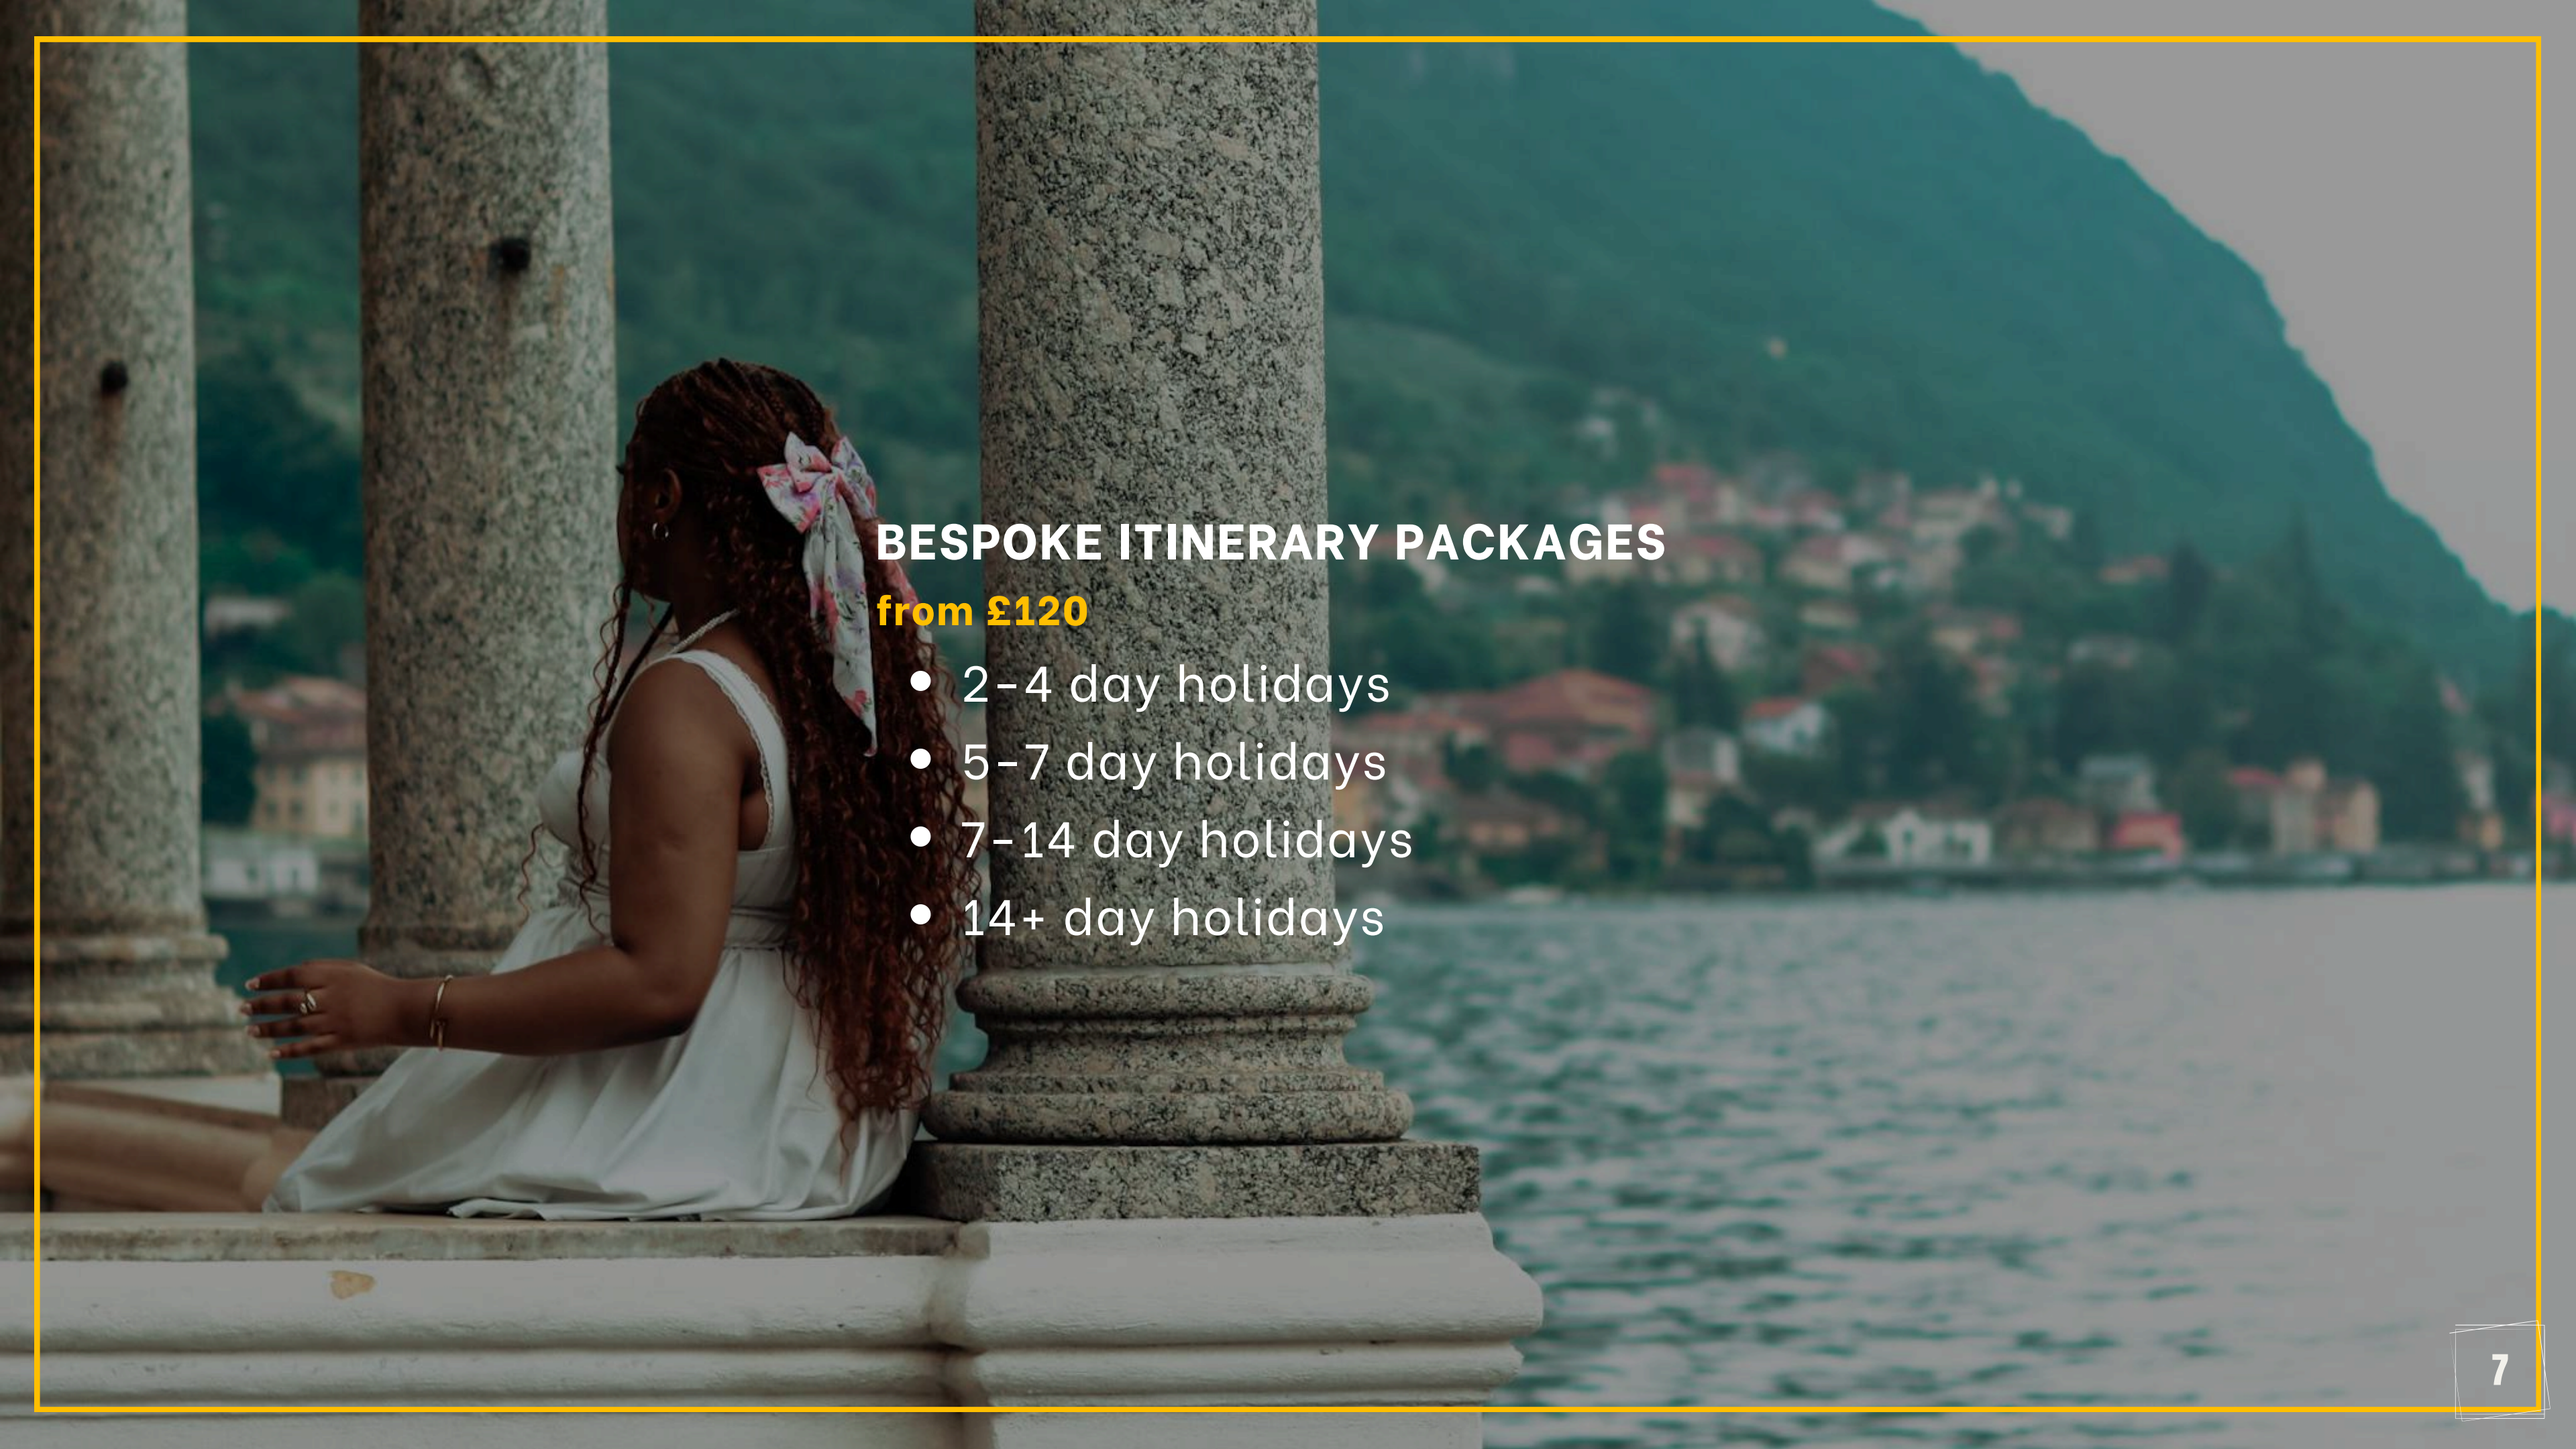

# TRAVEL ITINERARIES

# EVENT PHOTOGRAPHY

Events move quickly, and the moments that make them special are often the ones that unfold quietly: a shared laugh, a meaningful glance, a proud milestone, or a joyful celebration.

My approach to event photography is to document these moments with a balance of discretion, creativity and care, so you can stay present while I preserve the memories.

I cover a wide range of events, including red carpet premieres, corporate functions, weddings, concerts, birthdays, baby showers and cultural gatherings.

Each event receives the same thoughtful attention: considered composition, immersive storytelling, and professional editing that enhances the atmosphere without disrupting its authenticity.

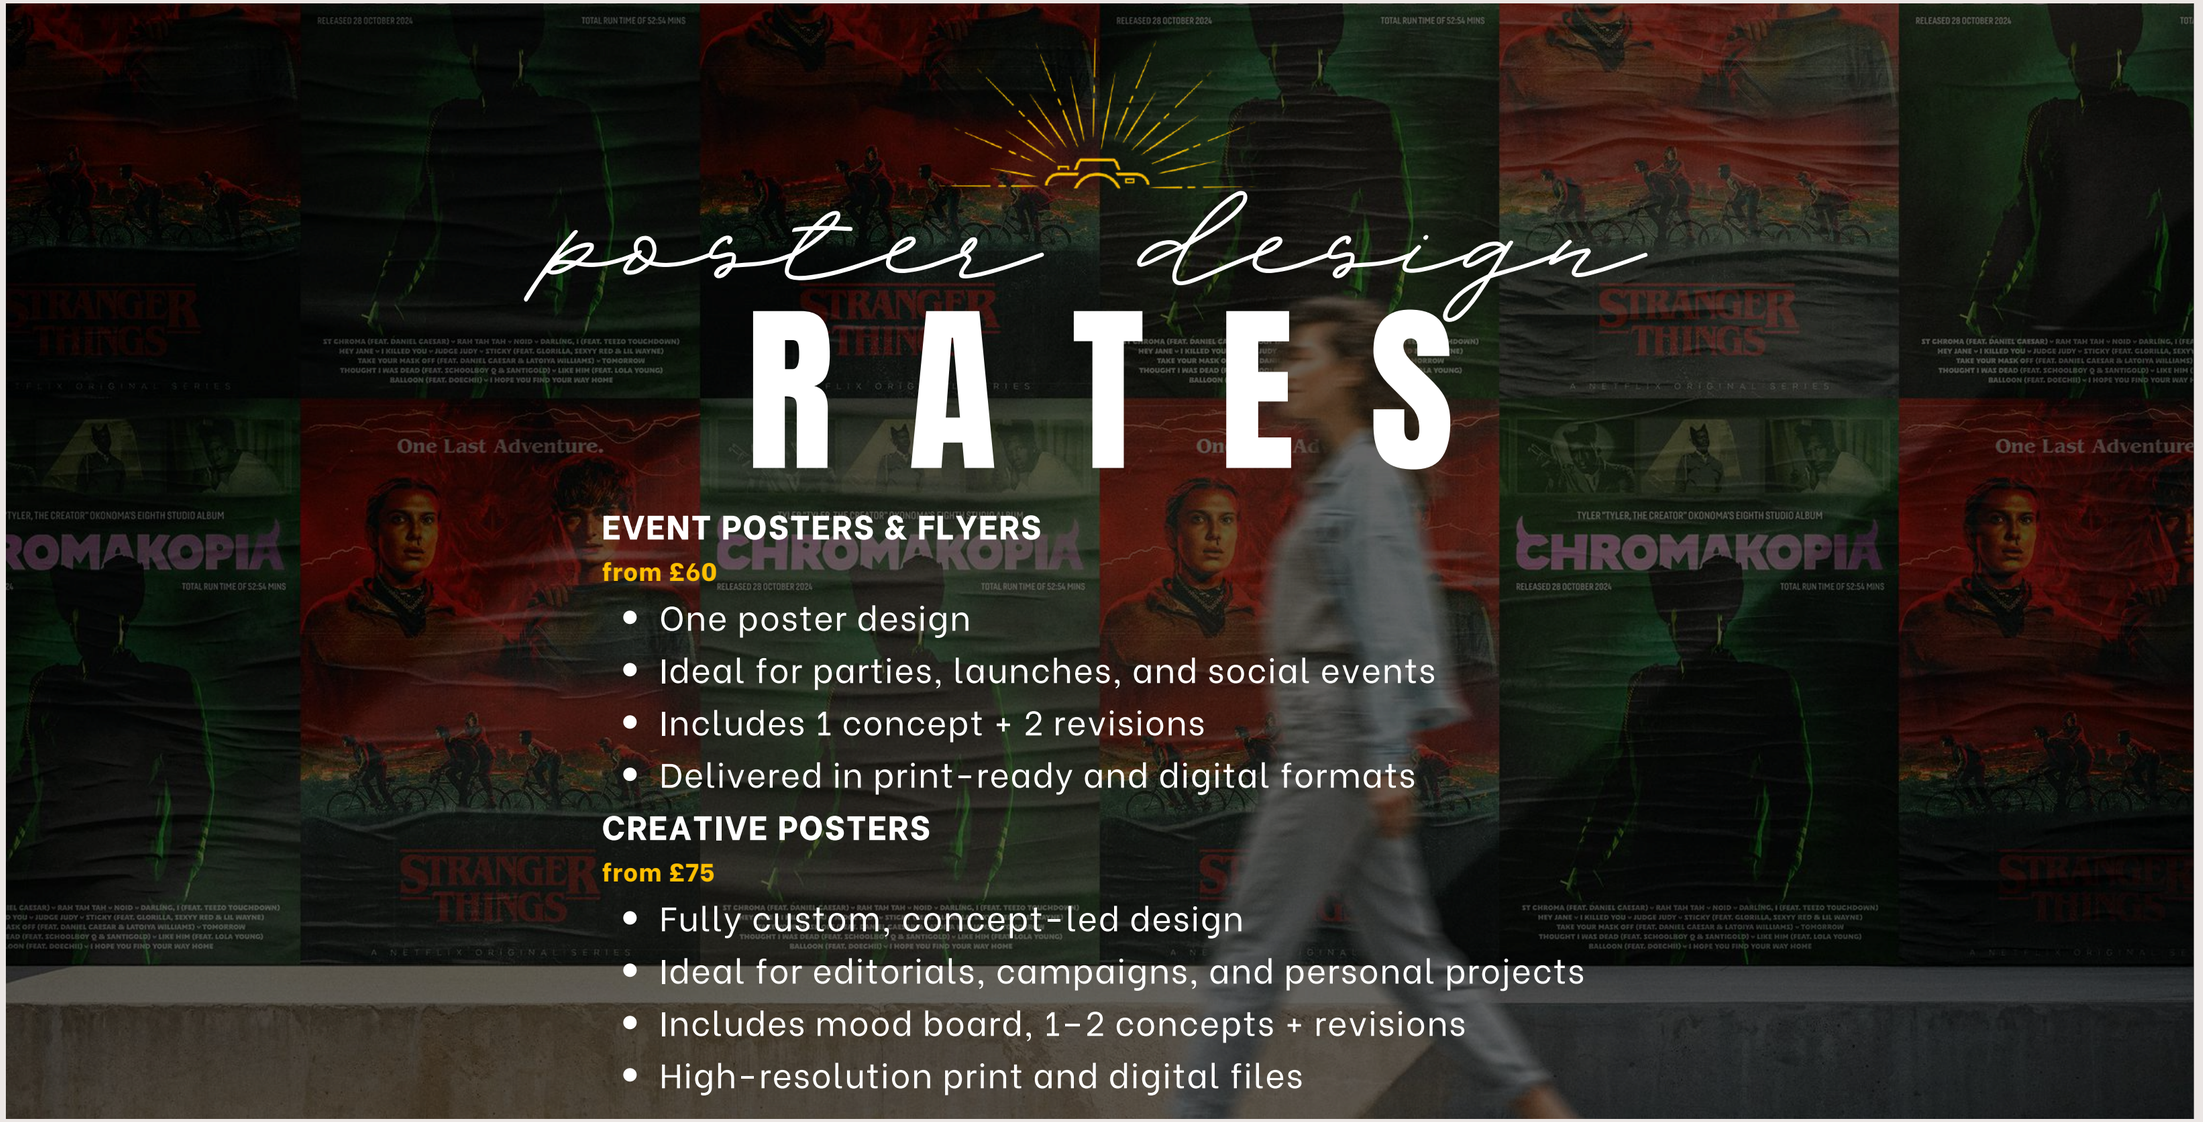

# GRAPHIC DESIGN

From posters and promotional materials to wedding stationery, magazines, brochures, and leaflets, I create both print and digital designs that balance creativity with clarity. Every piece is thoughtfully designed to reflect your message, personality, or brand identity, resulting in visuals that feel cohesive, intentional, and uniquely yours.

My services are suited to those looking to elevate their visual presence. Whether you're planning a wedding, launching an event, building your brand, refreshing your marketing materials, or simply just wanting to elevate your home decor, if you value detail, storytelling, and design that feels considered rather than generic, this is for you.

I work collaboratively with you from concept to completion. The process begins with an initial consultation to understand your vision, followed by curated mood boards and design concepts. From there, I develop drafts and refine them through feedback and revisions, ensuring the final outcome aligns perfectly with your expectations. You'll receive polished, print-ready and/or digital files, ready for use across your chosen platforms.

Whether you're marking a milestone or building something long-term, the aim is always the same: to create design work that not only looks good, but communicates meaning and leaves a lasting impression.
